

Compton All Saints' Primary School - Accessibility Plan 2024

Site Access - Actions arising from Accessibility Self Audit Jan 2023			
Priority	Action	Planned completion date	Comments
High	No high priority actions at the present time.	N/A	N/A
Medium	Continuous monitoring of paths and paving slabs.	Ongoing	
	Install induction loop in reception area. Purchase portable induction loop that can be used for meetings or small group work with hearing impaired children	Completion dates to be agreed if/when these requirements become necessary due to staff/pupils in school with specific needs.	The school does not currently have any hearing impaired children. Priority will change if circumstances change.
Low	Install handrails alongside ramps and steps.	Completion dates to be agreed if/when these requirements become necessary due to staff/pupils in school with specific needs.	
	Install ramp access to library		
	Replace reception area chairs with some that don't swivel and do have arm rests.		
	Install appliances that can be accessed from a seated position in both the staffroom and Den.		
	Install handrails in pupil toilets.		
	Install visual fire alarm signals.		

Compton All Saints' Primary School - Accessibility Plan 2024

Curriculum Access			
Priority	Action	Planned completion date	Comments
High	Ensure all pupils have access to remote learning and the use of suitable technology in the event of a long term school closure.	This was achieved during school lockdowns but is not currently required as all pupils are back in school. Laptops are available for pupils to borrow if required.	Pupils in need of laptops are able to borrow them from school. Teachers and pupils are now familiar with Google Classroom and will quickly be able to revert to remote learning should the need arise.
